

TripAdvisor: Check Out of stolen land

Dear Stephen Kaufer,

For over 50 years Israel has been constructing and expanding illegal settlements across the occupied Palestinian territories (OPT). These settlements are built on stolen land and by advertising accommodation, activities and attractions located within the settlements TripAdvisor is contributing to sustaining an illegal situation and to human rights abuses against Palestinians.

We call on you to: remove all listings located within Israel's illegal settlements or run by settlers in the OPT, including East Jerusalem.
