# Who are we and what is fundraising?

Amnesty International is a grassroots membership organisation fighting for nearly 60 years for human rights and justice wherever they have been denied.

In partnership with our supporters we've reunited families, freed people from prison, held governments and corporations accountable and shone a light on injustices.

**When we come together, HUMANITY WINS.**

**We would love your society to be part of the team!**

Fundraising consists in collecting money via simple collections or by organising an event.

We will be here for you throughout the process, so feel free to contact us anytime for advices and support!

By raising funds for us, you donate money to an international human rights organisation. Fundraising helps us staying efficient and to fight human rights abuses at home and in other countries.

# Our campaigns

*What will you be supporting?*

**Human Rights Defenders:** our human rights defenders campaign focuses on protecting the everyday heroes who are persecuted for defending the rights of others. The vital awareness they are divulging around themes as various as women's rights, LGBTI's rights, climate crisis should not make them vulnerable. It is our duty to stand up with them and insure they are protected.

**I Welcome Refugees:** today, humanity faces a global crisis with *1 in 113 people worldwide forced to become refugees* mostly in alarming conditions where their basic rights are being denied. No continent is spared. All around the world, we are acting locally to grant people access to asylum, reunite families, provide medical visas and scale up resettlement. We are fighting with our supporters to make refugee people feel welcome and safe.
