Please come and join the Reading Amnesty Group on 10/10/19 for a talk and discussion about women's human rights in South Asia, focusing on Nepal and India, with a brief review of key issues in Afghanistan, Pakistan and Bangladesh.

This will be led by Cherry Bird, Amnesty UK's Country Coordinator for India & Nepal, calling on her personal experience and knowledge of cultural, health and educational issues.

What works? How can we best support women to achieve their goals?
