

**Guidelines for making key-shaped postcards
in support of Mohamed al-Roken (prisoner of conscience in the UAE)**

Please take part in this action on behalf of Mohamed al-Roken, a human rights lawyer currently detained in the United Arab Emirates solely because of his peaceful human rights work. We hope to send 100 key-shaped postcards to the UAE embassy. Please see instructions & advice below. If you would like to take part in this action & need further information, please contact Kathryn Fletcher, bussk@btinternet.com

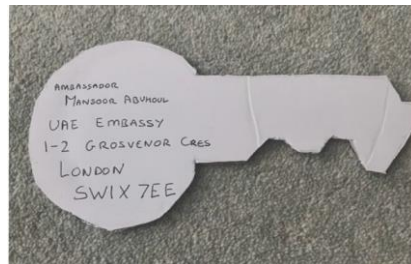

We suggest using gold and silver sheets of A4 card from Hobbycraft but you can also make them from any bits of card similar in thickness to a postcard and glue on silver foil. Here are some sample keys but draw your own shape to make them all original:

We suggest making them about 21 cm x 13 cm (A5) so they go as a postcard with a letter stamp. If they are larger they may need a large letter stamp.

Write the words 'Free Al-Roken' by hand and in clear, large letters. The address is:

Ambassador Mansoor Abulhoul
UAE Embassy
1-2 Grosvenor Crescent
London
SW1X 7EE

You do not need to sign it, but you can if you want. Please write the address clearly in your own handwriting. We want it to be evident that many people have taken the trouble to make and post a key.

Just put a stamp on and post anytime between 26th September – 10th October 2022!
