

# HUMAN RIGHTS HERE. ROMA RIGHTS NOW!

To: President of the European Commission, José Manuel Barroso

Dear President,

The Roma are the largest and most disadvantaged minority in Europe. This is not a coincidence. It is the result of the widespread discrimination and racism against the Roma people.

Many EU member states fail to enforce international human rights standards and EU anti-discrimination law. The European Commission has the responsibility and the obligation to ensure compliance with this law and fight anti-Roma discrimination and violence.

I urge you to ensure that you use all the tools at your disposal, including legal monitoring and political pressure, to guarantee the compliance of member states with EU anti-discrimination law and human rights standards.
