

# RESTRAINT CHAIR

**20% OFF  
IF YOU  
ORDER  
TODAY!**

- *Tired of your prisoners blocking your blows with their arms? Sick of them struggling during a beating?*
- *This high-quality chair offers full-body restraint to keep prisoners completely still while you ‘question’ them. No movement, no fidgeting, no obstruction.*
- *Comes in four easy-to-assemble parts.*
- *Delivered from outside the EU to any non-EU country.*

Amnesty International is campaigning to close the loopholes in EU laws to restrict the trade in torture equipment. Find out more at [amnesty.org.uk/stoptorture](https://www.amnesty.org.uk/stoptorture)

A close-up photograph of a person's hand holding a black thumb screw. The device has a serrated metal ring around the thumb and a black plastic handle. The hand is positioned to show how the device would be worn.

# THUMB SCREWS

***– because sometimes going medieval is the only way...***

- *An efficient delivery of pain based on a tried-and-tested method.*
- *Just put them on, tighten them up and see the agony begin! Maybe your prisoner will tell you what you want to hear.*
- *Delivered from outside the EU to any non-EU country.*

*'These thumb screws are our go-to response with anyone who professes innocence. So far they've elicited a 100% success rate with confessions! I thoroughly recommend these if you want to speed up interrogations'*

*– Senior Police Officer (name and country withheld)*

**10%  
DISCOUNT  
ON ORDERS  
OVER 50**

# **THE *STING* STICK**

- *When an ordinary truncheon just isn't enough! This will help you keep a crowd in check.*
- *A spiked baton delivers maximum damage with minimum effort – one swing is all you need! A favourite with police around the world.*
- *Delivered from China to any non-EU country.*

***Order 10 and get a free 'I've swung a sting' t-shirt***
